

Emily Ha

A rising senior Digital Media & Design student at the University of Connecticut studying Web and Interactive Media Design and minoring in communications. Seeking a UX Design internship.

WORK EXPERIENCE

UX Designer

Digital Experience Group | Sept 2020 - Present

The DX Group offers collective decades of experience in web design, UI / UX design, application development, and technological innovation. My core activities include:

- Leading design and development in web and mobile projects
- Creating user flows and prototypes to deliver to the team and clients
- Applying knowledge of visual design and interactive design to new/current data visualizations
- Using user-centered design solutions to better user interactions with products

Web Designer/Developer Assistant

UConn ITS | May 2019 - Sept 2020

The UConn ITS web development department offers web services to organizations across the UConn campus as well as off campus. My core activities include:

- Creating, managing, and maintaining websites through the University's Aurora/Wordpress service
- Responding appropriately to emails in a timely and professional manner
- Using knowledge of HTML and CSS to rectify visual matters on websites
